Stiff Norther Whips the Beach in Perfect Shape for Opening Day's Events.

DARE-DEVIL DRIVERS READY FOR THE COMING FRAY.

(BY ALEX SHEWALBACH.)

Everything is ready for an auspicious opening today of the sixth renewal of the Daytona Beach Races. The course will be in record-breaking condition owing to the strong North wind which swept across the ocean all day yesterday, and rolled in an exceptionally hard, smooth, condition of affairs that may obtain here at this season of the year.

The grandstand is ready, the press and official boxes are complete, and the timing wires have been tested from Daytona to Mosquito Inlet, and back to Daytona and Seabreeze, and the electrical timing instruments have been connected. All the officials are here and ready to start the races which are scheduled to begin at 1 o'clock today, but owing to the large number of parking spaces for automobile parties that have been arranged for along side of the grandstand.

All the famous professional drivers of the country are gathered here ready for the meet and they include Ralph De Palma, George Robertson, H. J. Kilpatrick, Robert Burman, Lewis P. Strang, George DeWitt, Herbert Lytle, James Laughlin 3rd, David Bruce Brown, and a number of fast amateur drivers.

All the cars have been tuned up for the occasion and were out on the beach yesterday afternoon for their last practice spin, when the Flat Cyclone, the fast but not the least of the arrivals, had to lose by out.

The motorcycle racing men were out in force and among the famous drivers of the two-wheelers on the beach were A. G. Chapple, Walter Goerke and Robert Stubbs on 7-H. P. two cylinder Indian Motorcycles, and Wm. Wray, Jr., Eugene Gaestle and Fred Hill on 6-H. P. S. S. U. Motorcycles.

The professional bicycle riders entered include Charles Turville, R. A. Walthour, Elmer L. Collins, Edward Root, Joseph A. Fogler, W. L. Mitten, Stephen Sexton, George Wiley, J. Gordon Walker, Saxon Williams, Walter R. Bardgett and Frederick Hill.

The amateur bicycle racer entries include A. G. Chapple, Hugh Hansen, Joe D. Hanna, Robert Stubbs, Walter Goerke, Frank A. Valiant, Eugene Gaestle and D. Noon Hudson.

The racing cars include four Buicks, a Cadillac, Cleveland, the Flat Cyclone, Benz, Hotchkiss, Pope-Hartford, Stevens-Duryea, Peerless and Packard, a larger and faster aggregation of cars than was here last year.

In the grandstand the following prices will prevail: Boxes to seat six persons, per day, $10. Single box seats, per day, $2. First three rows of seats, per day, $1; second three rows, each, per day, 50c; parking spaces for automobiles, $5 and $3 per day according to location. Seats, boxes and parking spaces are now on sale at Clark's Jewelry Store, Daytona and Hotel Ormond.

An illustrated souvenir program has been issued, which contains a history of previous meets, handy for reference and comparison. The programs are now on sale at nine stands and hotels, besides which a daily program of the events will be bulletined at the postoffice and at the leading hotels, and published each morning in the Daily News.

The Sheriff of Volusia County and his deputies as per the resolution of the Board of Supervisors will be in charge of the beach, and all approaches to the beach for vehicles will be closed by the Sheriff's officials one hour before the races start. All of this year's races regardless of their length will finish in front of the grandstand.

Mrs. M. Brady Capron and Miss Shirley Davis, of Urbana, Ohio, who have been guests at the Parkinson House for several weeks leave in a few days for New York, going by way of boat from Jacksonville.

Forest fires were plainly visible North of the city Saturday evening about 7 o'clock, and the heavy wind that came a few moments later swept them well around to the west. The skies were illumined for several hours.

Hotchkiss Party Do This Stunt Easily In a Pope-Hartford Touring Car.

THIS BREAKS A RECORD.

* * *

Geo. Hotchkiss and daughter and Mr. Bellhus returned Tuesday from a trip to Tampa yesterday afternoon in a Pope-Hartford touring car driven by Auguste Grosjean. They report a most successful and interesting trip, having come through from Tampa, 190 miles, in 12 hours running time, without either engine or tire trouble, an average of nearly 16 miles an hour.

Leaving Tampa the road to Plant City is most excellent. Here the flatwoods country commences, with fair roads to Lakeland. Leaving Lakeland more flatwoods is encountered as far as Auburndale, where the sandhill country commences with stretches of very heavy sand alternating with flatwoods through Bartow Junction, Haines City, Davenport and Loughman, a distance of some 40 miles. Several streams were forded of varying depths, in some the water coming into the bed of the car. From Loughman the roads is more harder and fair time was made through Kissimmee to Orlando, arriving at 1 p. m. for luncheon.

Leaving Orlando fine roads brought the party to the ferry this side of Sanford in an hour's time. Leaving Osteen behind, good time was made to Enterprise and Orange City, another stop being made here. Then on through De Land, reaching Daytona at 5:30 p. m. after a most enjoyable trip from coast to coast.

IN CRITICAL CONDITION.

* * *

Yesterday morning an old gentleman by the name of J. M. Sackett, who some time ago came to Daytona Beach, and registered from Lowville, N. Y., became suddenly prostrated and now lies in a critical condition.

The unfortunate old gentleman has been brought to Dr. Klock's Hospital and Sanitarium, but little hope of his recovery is entertained.

He seems to have been alone, and so far no one has been found who knows anything of his family or his relatives back in New York.

In the meantime the stricken man is receiving the best possible care, and there will be no want of attention. He was boarding at the White House when the collapse came.

A number of boating parties were on the river Sunday.

PROFESSIONAL BALL FOR FRIDAY.

Game Between Brooklyn And a Picked Jacksonville Team Arranged.

MUCH ENTHUSIASM SHOWN.

* * *

The great Brooklyn base ball game between two teams of the Brooklyn base ball club, who are now finishing up the last week of their spring practice at Jacksonville, before the base ball season opens next week, is scheduled for this Daytona ball grounds next Friday afternoon.

The Brooklyn base ball club party will include over thirty people and they will be accompanied by the newspaper base ball writers, who are now in Jacksonville, and the ladies of the party, and a great game may be expected, for in order to give it a real local "cracker" flavor, the Jacksonville base ball club has also been invited and their players will oppose the Brooklyns also in a mixed and picked team.

It was found impossible to arrange a special train service, so the Brooklyns and the "Jacks" will leave Jacksonville on the regular train at 7:30 next Friday morning and reach Daytona at 11:40. After luncheon at one of the big hotels, the entire party will be taken in automobiles to the ball grounds, where the game is scheduled to commence at 1:30, and after that is over, the automobiles will take them across the Halifax river to the grand stand to see the automobile races at 4 p. m., a special program for the day having been arranged. It being low water on Friday at 5:46 p. m. After the races are over the Brooklyn aggregation will dine at one of the hotels and arrangements have been made to take care of them over night, and they will leave Daytona on Saturday morning on the 8:24 train, which will bring them back to Jacksonville in time for their last day's practice there.

IT'S TIME FOR PRAYER.

* * *

The Pensacola Journal man evidently has never seen Daytona Beach. He probably thinks it a duplicate of the beach to which Pensacolans resort, one hundred and twenty-five miles an hour looks easy and safe to Daytonians.

This is what the Journal says:

"H. J. Kilpatrick expects to run 125 miles an hour in his motor car, the 'Red Devil,' on the Daytona track this year, and it is high time that prayer for his safety were being offered up in all the churches; for the devil is evidently making a strong bid for the gentleman."

Orchestra Leaves Thursday.

The members of the orchestra, late of The Clarendon, and who have made the Seaside Inn headquarters since the fire of February 14th, will leave for their respective homes in the North the latter part of the week, probably Thursday.

After the fire the leader, Mr. Tucker, violinist, and the rest of the musicians, Messrs. Gotli, Ford and Pauline, decided to remain here the balance of the season, and their stay has been very successful. They have played at The Ridgewood, The Despland, The Prince George, Keating's Casino, Seaside Inn, and other places, and have made many friends during their stay. The organization will disband for the summer.

A Brother of Buffalo Bill.

Major James E. Beaghe, retired United States Army officer, who has been a guest at the Saratoga Inn for several weeks past, left Saturday for St. Augustine, in which city and Washington, D. C., he will spend some time before proceeding to his home, at Schenectady, N. Y. The Major has seen much service in the West, and H. D. Sosis, who was seeing him off says that his stories of Indian fighting are indeed very interesting and varied. He also stated that the Major is a half-brother of Wm. Cody, popularly known as Buffalo Bill.

BURMAN PRESENTED A DIAMOND.

Beautiful Solitaire Ring From Buick Motor Co. In Recognition Of Record.

A SPREAD AT MILLS' CAFE.

* * *

There was a very pleasant gathering at Mills' Cafe last night, the occasion being the presentation of a $500 solitaire diamond ring to Robert Burman on behalf of W. C. Durant, the president of the Buick Motor Co., in recognition of the 100 mile world's record race which Mr. Burman won recently in a Buick stock car at New Orleans, where he defeated a number of other cars including some special racing machines.

The menu, a solid one, was typical in its Southern cooking, and after it was over and the presentation had been made, speeches, songs and music were in order, a fine Italian orchestra playing all the popular songs of the day.

Those who attended the lively function were: F. J. Wagner, the starter of the races; S. A. Miles, the official referee; "Senator" Horges, the promotor of the race; Alex Schwalbach, the racing secretary of the meet; J. Wilbur Hobbs, of the Michelin Tire Co.; W. B. Wise, of the General Motors Co., who control the Buick output; George Robertson, the Vanderbilt Cup winner; Lewis Putnam Strang, the Belaeclif, Savannah and Lowell road race winner; Ralph De Palma, the record holding auto speed merchant; William H. Peters, Hon. William Perkins, "Doc" Maxwell, D. B. Brown, Herbert Lytle, the well-known driver; Lieut. Sayles, the official timer of the meet, and Dr. Gove.

Excellent Musical Treat.

TWO HEROES OF THE REPUBLIC DISASTER.

Captain Francis Scully and John R. Binns, a wireless operator, were among those who displayed splendid heroism at the sinking of the steamship Republic off Nantucket. Binns stuck to his key, sending messages and signals until ordered from the ship. Scully stayed aboard the vessel until she literally sank under his feet. Then he climbed a mast and leaped into the sea to be rescued with his first officer, Mr. Williams.

A Brother of Buffalo Bill.

Major James R. Reagles, retired United States Army officer, who has been a guest at the Saratoga Inn for several weeks past, left Saturday for St. Augustine, in which city and Washington, D. C., he will spend some time before proceeding to his home, at Schenectady, N. Y. The Major has seen much service in the West, and H. D. Swits, who was seeing him off says that his stories of Indian fighting are intensely interesting and varied. He also stated that the Major is a half-brother of Wm. Cody, popularly known as Buffalo Bill.

BURMAN PRESENTED A DIAMOND.

Beautiful Solitaire Ring From Buick Motor Co. In Recognition Of Record.

A SPREAD AT MILLS' CAFE.

There was a very pleasant gathering at Mills' Cafe last night, the occasion being the presentation of a $500 solitare diamond ring to Robert Burman on behalf of W. C. Durant, the president of the Buick Motor Co., in recognition of the 100 mile world's record race which Mr. Burman won recently in a Buick stock car at New Orleans, where he defeated a number of other cars including some special racing machines.

The menu, a solid one, was typical in its Southern cooking, and after it was over and the presentation had been made, speeches, songs and music were in order, a fine Italian orchestra playing all the popular songs of the day.

Those who attended the lively function were: F. J. Wagner, the starter of the races; S.A. Miles, the official referee; "Senator" Morgan, the promotor of the races; Alex Schwalbach, the racing secretary of the meet; J. Wilbur Hobbs, of the Michelin Tire Co.; W. B. Wise, of the General Motors Co., who control the Buick output; George Robertson, the Vanderbilt Cup winner; Lewis Putnam Strang, the Briarcliff, Savannah and Lowell road race winner; Ralph De Palma, the record holding auto speed merchant; William H. Peters, Hon. William Pickens, "Doc" Maxwell, D B. Brown, Herbert Lytle, the well-known driver; Lieut. Sayles, the official timer of the meet, and Dr. Gove.

TWO HEROES OF THE REPUBLIC DISASTER.

Captain Inman Sealby and John R. Binns, a wireless operator, were among those who displayed splendid heroism at the sinking of the steamship Republic off Nantucket. Binns stuck to his key, sending messages and signals until ordered from the ship. Sealby stayed aboard the vessel until she literally sank under his feet. Then he climbed a mast and leaped into the sea to be rescued with his first officer, Mr. Williams.

SEABREEZE, March 27.—It is understood that H. F. Martineau has purchased what is known as the Jim Bugert storehouse, on Pinewood avenue, of B. F. Wells. The deal was made direct, As the peninsula towns grow this will be a fine location for a half-way grocery store.

The talk of bicycle and motorcycle racing on the beach has given great impetus to speeding among our boys and it is the commonest sight to see boys of ten or twelve years with bodies bent tearing down the street with the greatest expenditure of effort.

Col. A. F. Fleet and family had expected to leave for Culver, Ind., Friday but found, on applying for berths, that it was impossible to get them, and so have decided to remain until after the races.

The arithmetic class of the fifth grade have concluded a close contest, in which the two sides scored the same number of points. The losers were to stand treat for a moonlight marshmallow roast, but as the victory belongs to all the class have decided to join hands in celebrating on the beach when the moonlight is late.

A Way to Wealth.

Upon one occasion the late Earl Poulett, who, by the way, was a great spendthrift, was paying his physician and on handing the modest gentleman 400 guineas in gold asked him if he knew how to grow rich. The doctor replied in the negative, and the earl advised him never to pay an account for a check, but always in coin, "for," he added, "the more you look at your money the less inclined you will be to part with it."

DAYTONA BEACH, March 23—Mrs. Harriet Kuther and son, George, and Dr. Caroline L. Garlock, of Canajoharie, N. Y., who are stopping with Mrs. Catherine Oltman Garlock, of Daytona Beach, have just returned from a trip to Cuba and East Coast cities.

The San Souci Club will meet March 31st with Mrs. Jas. Haight, Peninsula Drive.

Mrs. T. Grotjan Ronald and wife, of Coron, will spend race week with their parents, Mr. and Mrs. Wm. A. Ronald.

William F. Ronald will also be over from Rollins College for a week or ten days to see the races.

Master Alston Dyer is developing fine talent for drawing. Miss Bardwell, his teacher, says Alston has ability quite beyond the average for line and color, and is proud of some of his productions among them a Dutch scene with two Dutch figures. They were copied from a large picture and are wonderfully true to the Dutch type.

There will be a big cake walk at the Daytona Beach Hotel by the colored waiters tonight. It will be followed by a dance for the guests and visitors.

A Woman Soldier.

Eleonore Prochaska, born March 11, 1785, at Potsdam, was the daughter of a sergeant. After being brought up in the military orphanage of that town she became a cook in some officer's home. When the great war against Napoleon broke out in 1813 she was led away by enthusiasm to quit her town secretly. By selling her poor belongings she procured male attire and weapons and enlisted under the name of August Renz in the Lutzow corps. On account of her tall, slender figure her sex was not discovered until she was mortally wounded. This happened in the encounter in the Gohrde forest, Regierungsbezirk, Luneburg, Kreis Dannenberg, Sept. 26, 1813. The Prussians were there attempting to storm a hill occupied by the French, she acting as a drummer. In 1863 a monument in memory of her was erected in the churchyard at Dannenberg and another in 1869 in the old churchyard of Potsdam.—London Sketch.

Doings at Daytona Beach

DAYTONA BEACH, March 23—Mrs. Harriet Kocher and son, George, and Dr Caroline L. Garlock, of Canajohorie, N. Y., who are stopping with Mrs. Catherine Ottman Garlock, of Daytona Beach, have just returned from a trip to Cuba and East Coast cities.

The San Souci Club will meet March 31st with Mrs. Jas. Haight, Peninsula Drive.

Mrs. T. Grotjan Ronald and wife, of Cocoa, will spend race week with their parents, Mr. and Mrs. Wm. A. Ronald.

William F. Ronald will also be over from Rollins College for a week or ten days to see the races.

Master Alston Dryer is developing fine talent for drawing Miss Bardwell, his teacher, says Alston has ability quite beyond the average for line and color, and is proud of some of his productions, among them a Dutch scene with two Dutch figures. They were copied from a large picture and are wonderfully true to the Dutch type.

There will be a big cake walk at the Daytona Beach Hotel by the colored waiters tonight. It will be followed by a dance for the guests and visitors.

A Woman Soldier.

Eleonore Prochaska, born March 11, 1785, at Potsdam, was the daughter of a sergeant. After being brought up in the military orphanage of that town she became a cook in some citizen's house. When the great war against Napoleon broke out in 1813 she was led away by enthusiasm to quit her town secretly. By selling her poor belongings she procured male attire and weapons and enlisted under the name of August Renz in the Lutzow corps. On account of her tall, slender figure her sex was not discovered until she was mortally wounded. This happened in the encounter in the Gohrde forest, Regierungsbezirk, Luneburg, Kreis Dannenberg, Sept. 16, 1813. The Prussians were there attempting to storm a hill occupied by the French, she acting as a drummer. In 1863 a monument in memory of her was erected in the churchyard at Dannenberg and another in 1889 in the old churchyard of Potsdam.—London Sketch.

There is not a single moment in life that we can afford to lose.—Goulburn.

The Modern Seven Wonders

Daytona's Incomparable Ocean Beach.

One of Daytona's crowning glories is her incomparable beach. No one who ever set foot upon its smooth, packed sands; no one who ever pedaled a bicycle over its expanse; no one who ever drove a prancing pair of horses and listened to the popping of their steel shoes upon its asphaltum-like face; no one who ever steered a high-power automobile down the broad stretch of wave-washed and surf-packed sand but realized that it is a world-beater, a world-wonder. Go stand upon this wide speedway and see the happy souls flit by in joyous mood, and answer whether this is not one of the seven modern wonders.

The Placid, Pellucid Halifax River.

Where think you is water with more picturesque surroundings? Nearly a mile wide, fringed with tropical vegetation, artistic cottages with roomy verandas looking out upon her breezy, gamey food fishes in countless numbers beckoning, as it were, to those with rod and reel; her bosom flecked with duck and coot and snowy-winged sea birds, which sit about as if for the sport of bobbing upon her waves; watch that lubberly old white headed bass perch a fat mullet, and that fish hawk zig-zagging upward with his floundering load he snatched from the water.

See the beautiful launches, quick and sportsPtheir hampers and lockers bulging with refreshments both solid and liquid ready for a cruise upon her beautiful surface. Take out your field glass and sweep the river from Ormond bridge to Ponce Park light house, then say whether the Halifax isn't a thing of beauty and a joy forever, and one of the modern wonders.

The Enchantingly Picturesque Ridgewood.

Ridgewood avenue is upon the crest of a broad ridge, straight as the crow flies, and the wide-spreading branches of the heavy-trunked live-oaks extend their giant arms across this magnificent vista, forming an arch, and from these extended arms great festoons of Spanish moss sway as the trade winds from tropic seas fan them. Looking straight ahead down this white shell street one has the impression of a fairy path with cliff-like draperies, but as you move along and cast an eye first to the right and then to the left you see distinguished cottage homes in the most delightful settings.

Surpassing Beauty of Our Cottage Homes.

No one of Daytona's attractions, perhaps commands more nearly universal attention and praise than does the artistic cottage. The owners of these charming villas hail from every corner of the country and they bring their own architectural plans and build upon them, and as the architecture of one section of the country differs from the architecture of another so do our homes differ in outward appearance and structural beauty from one another. There are no monotonous rows of strikingly similar buildings but the eye, as it sweeps by, is treated to a kaleidoscopic change which keeps the mind wondering "What next?"

Streets and Pavements the Most and Best.

Why the Architect of the Universe chose to give to Daytona the most admirable, the most picturesque natural setting of all the cities of the South is not revealed but that such is a fact must be apparent to the most superficial observer. With such lavish wealth of natural beauty it became an easy thing for the hand of man to give the little finishing touches which have brought out the colors and outlines of the big picture.

Man did all this in the laying out of the streets with their wide margins of parkage, the entire city becomes a great park.

And as for pavements, pavements that look and act like granite,—where she between the eastern and western seas are so many miles in proportion to inhabitants? Till some unheard-of place reports more and better, Daytona throws down the gauntlet to the world.

Squirrels, Flowers, Birds and Fruits.

Whatever one's shortcomings and however indifferent or averse nature one may be to many things, the mere mention of "squirrels and flowers, birds and fruits" will send a thrill that is reflected in distended pupils and pricked ears.

For every visitor with a spare "spoon" there is a bunny ready to come out and accept your gift. He will sit bolt upright and gnaw into the meat, casting furtive, saucy glances at you meanwhile.

Flowers! Usually fresh and blooming the year 'round. In one yard roses of variegated hues perchanPate, another has a penchant for the poinsettia and the premises are aflame; another is hidden in a jungle of tall cane.

The birds flit in, and with their joyous notes help to give fullness and symmetry to the picture.

As for fruits, choice citrus fruits, Daytona yields the palm to none for quality and quantity per acre. There are scores of citrus groves in proximity to the city, branches bending to the earth with their burdens of luscious golden globes.

The Fastest Autos And The Finest Out.

Here is where world's records for speed are broken with every recurring season. Auton the biggest, the fastest and the finest are on daily parade and the big show is as free as the pure oriental water from the thousand flowing wells. It is a continuous show with constantly shifting scene. You will probably catch the spirit and when you do the roads and the beach are yours. The Florida sunshine is free, the balmy ocean breezes are free, the birds and squirrels and flowers are free, the sparkling fountain water is free and you will have to go down in your wallet only for coin for the auto and bed and board.

This is no fanciful picture; it's all here. It is drawing other thousands and holding them enthralled, it will charm and hold you. Come and see.

SIMPLE FAITH.

A Burly Burglar's Confidence in an Editor's Business Acumen.

A man who admitted that he came direct from state prison tried to sell to the city editor of a New York newspaper a weird and startling story of a missing will which he declared had been revealed to him by a fellow convict. The man was a burly fellow with a pugnacious jaw, and he had lost an eye in battle. The mere look of him would frighten a timid citizen into tremors. Mr. White, the expert in criminology, cross examined the man as follows:

"Why were you in Auburn?"

"Highway" (meaning, of course, highway robbery).

"I suppose you were wrongfully convicted."

"Nuh; day had me right."

Such engaging candor made Mr. White feel that the man was truthful, and he was greatly disappointed when strict investigation disclosed the fact that the story of the missing will was all fictitious. The man was disappointed, too, at the failure of his romance, but he went away from the newspaper office in cheerful mood, with some remark about better luck next time.

A week later Mr. White was summoned to the reception room of the newspaper, and there he found his friend, the burly highwayman, his shoulders broader, his single eye fiercer than ever. But his visit was quite friendly, although somewhat tinged with business. He evidently believed he could rely on Mr. White's graft faith and business acumen. Fixing Mr. White with his glittering eye, the strong armed one plucked him by the sleeve over to a corner of the room and there in a loud, hoarse whisper inquired:

"Say, couldjer do anything wit' a couple of watches?"—Harper's Weekly.

Seeing and Thinking.

Most people see an object when they think of it. They can see before their eyes a geometrical drawing or the figure on a chessboard when they think of them. In order to think at all most men make use of images, though they may be of different kinds. Thus one man when he thinks of "Italy" sees just the printed word; another sees the country's outline on a map; another may see the country spread out before him, with its villages and towns. Psychologists are beginning to classify the different sorts or images of which men make use. Some, for example, hear the words of their thought within themselves; others read them, as if the words were written generally in black on a white ground.—London Post.

To Pluck Them.

Lord Justice Mathew once tried a case in which a money lender sued a youth who had fallen into his hands. The plaintiff demurred at counsel's referring to him constantly as a "money lender" and protested that he was something in addition to that.

"What is the addition?" inquired the judge.

"Well, I'm—well, a dealer in—er—birds."

"Certainly—pigeons?" quietly asked the judge.—London Telegraph.

England's Generals.

There has not been an English general since Marlborough. Wellington was born at Dungan castle, Meath, of an old Irish family called Wesley and christened in Dublin. Wolfe was born at Pennent abbey, Kildare, and christened at Westerham—nearly in the same case as the Bronies (Brontes). His grandfather defended Limerick against William III.

Sir John Moore and the Napiers were Scotchmen, and so was Abercrombie (Harpy), so were Napier of Magdala, Cromwell and Clyde. Wolseley, Robertson and Kitchener are Irish; so was Gough. The generals and statesmen who saved India to Great Britain were Neil, Nicholson, the two Lawrences (Irish), Edwards (Welsh) and Rose (Scotch).

I know of Wolfe because my grandmother served under him at Quebec. His Irish birth was corroborated to me by Captain Dunne, once well known in literary circles of a Queens county family. I don't know whether Scotchmen like to be called English, but certainly Irishmen do not.—London News.

"I suppose you were wrongfully convicted."

"Nuh; dey had me right."

Such engaging candor made Mr. White feel that the man was truthful, and he was greatly disappointed when strict investigation disclosed the fact that the story of the missing will was all fictitious. The man was disappointed, too, at the failure of his romance, but he went away from the newspaper office in cheerful mood, with some remark about better luck next time.

A week later Mr. White was summoned to the reception room of the newspaper, and there he found his friend, the burly highwayman, his shoulders broader, his single eye fiercer than ever. But his visit was quite friendly, although somewhat tinged with business. He evidently believed he could rely on Mr. White's good faith and business acumen. Fixing Mr. White with his glittering eye, the strong-armed one plucked him by the sleeve over to a corner of the room and there in a loud, hoarse whisper inquired:

"Say, couldjer do anyt'ing wit' a couple o' watches?"—Harper's Weekly.

Seeing and Thinking.

Most people see an object when they think of it. They can see before their eyes a geometrical drawing or the figures on a chessboard when they think of them. In order to think at all most men make use of images, though they may be of different kinds. Thus one man when he thinks of "Italy" sees just the printed word; another sees the country's outline on a map; another may see the country spread out before him, with its villages and towns. Psychologists are beginning to classify the different aids or images of which men make use. Some, for example, hear the words of their thought within themselves; others read them, as if the words were written generally in black on a white ground.—London Post.

To Pluck Them.

Lord Justice Mathew once tried a case in which a money lender sued a youth who had fallen into his hands. The plaintiff demurred at counsel's referring to him constantly as a "money lender" and protested that he was something in addition to that.

"What is the addition?" inquired the judge.

"Well, I'm—well, a dealer in—er—birds."

"Certainly—pigeons?" quietly asked the judge.—London Telegraph.

England's Generals.

There has not been an English general since Marlborough. Wellington was born at Dangan castle, Meath, of an old Irish family called Wesley and christened in Dublin. Wolfe was born at Ferneaux abbey, Kildare, and christened at Westerham—nearly in the same case as the Brontes (Brunty). His grandfather defended Limerick against William III.

Sir John Moore and the Napiers were Scotchmen, and so was Abercromble (Egypt); so were Napier of Magdala, Crawford and Clyde. Wolseley, Roberts and Kitchener are Irish; so was Gough. The generals and statesmen who saved India to Great Britain were Neill, Nicholson, the two Lawrences (Irish), Edwards (Welsh) and Rose (Scotch).

I know of Wolfe because my great-grandfather served under him at Quebec. His Irish birth was corroborated to me by Captain Dunne, once well known in literary circles of a Queens county family. I don't know whether Scotchmen like to be called English, but certainly Irishmen do not.—London News.

Twenty-four Foot Channel From Jacksonville To Sea Is Assured.

MOSQUITO INLET GETS ATTENTION

Captain George R. Spalding, engineer in charge of the district of the United States Engineering Corps, with headquarters in Jacksonville, has received official information from Washington that an appropriation of $367,000 had been authorized and is available for the improvement and maintenance of rivers and harbors in Florida.

The St. Johns River gets $17,000. Indian Rivers get $37,000.

The Secretary of War has authorized preliminary examinations and surveys to be made in many Florida localities. The St. Augustine harbor is to be looked over with a view to constructing the necessary sea walls and to provide a 16-foot channel 300 feet wide from the city to the sea.

Mosquito Inlet is to be examined with the probability of a good boating channel from the ocean to New Smyrna and the Indian river is be deepened from Ft. Pierce to Sewalls Point.

It is presumed to give Jacksonville a thirty-foot channel to the sea and various soundings will be made on the Gulf side of the peninsula.

Mr. and Mrs. Byron P. Degrot and daughter, Miss Florence, Mrs. Deuser, Mrs. Lardner, and Mrs. Higbee, of Deadwood, S. D., staying at the Parkinson House, spent Sunday at the Inlet in a chartered boat.

Read the Daily News and you need not ask questions.
